

Starved and denied medical treatment

Callie just wants to sit right by your side and get petted. It's so hard to understand why anyone could watch her suffer this way and how anyone could allow her to go on days without eating. She is so thin, you can see every single one of her ribs. Along with being denied food Callie was also denied veterinary care, she has been suffering from a severe ear infection for some time.

Please help us by making a donation to Callie's care.

Our rescues would not be possible if it weren't for your generous support.
